

## Clearwater Photo, Medical, and Field-Trip Release

### Photo Release

The Clearwater School uses photos taken at school during operational hours and at events in our educational and promotional material. TCS will not publish or display photos without the permission of individuals and their guardians. Please select the option below that you prefer. Students have the right to refuse a photo at any time. Students and guardians may revoke photo permissions at any time by notifying the school.

- \_\_\_\_\_ (Int.) I give TCS permission to publish photos of my student for internal and promotional purposes.
- \_\_\_\_\_ (Int.) I give TCS permission to take photos of my student for internal purposes only.
- \_\_\_\_\_ (Int.) No, I do not give TCS permission to take or publish photos of my student.

### Medical and Health Information and Consent to Treatment Form

I, the undersigned, understand that The Clearwater School will only administer medical treatments or medicines to students at parent direction. Medications should be turned in to the medical clerk with clear instructions for administration. The Clearwater School does not undertake a duty to provide on-site medical treatment to students beyond basic first aid. Any care administered is limited by regulations of Washington state licensure. If, in the opinion of a staff member, a medical emergency arises, I give permission for my child to receive emergency medical or surgical treatment and hospitalization if necessary. I understand that the School will make every attempt to contact the parents or legal guardians of the student before taking such action. If warranted, representatives of the school will arrange transport of the student to an appropriate medical facility for treatment. To that end, we authorize a representative of TCS to consent on our behalf to medical transport and treatment by licensed health care professionals for my student.

- \_\_\_\_\_ (Int.) I agree to the medical and health information and consent to treatment policy.

### Open Campus Policy

The Clearwater School has an open campus meaning that off-campus-certified students may come and go freely, on and off campus, during school hours without staff supervision. All School rules must be followed, on or off campus. If parents wish to restrict the freedom of their child to leave campus, or to keep their child out of certain parts of the campus, they must arrange such a restriction directly with their child. The school does not enforce parental restrictions on the freedom of movement of its students. Field trips are the only off-campus activities for which the school undertakes a duty to supervise the students. See Field Trip Release Form below. The open campus policy does not change the student's responsibility to attend school.

- I have read the above document on The Clearwater School's open campus policy and I am aware of the school's policies on off-campus travel.

**Field Trip Release**

Field trips are the only off-campus activities for which TCS undertakes a duty to supervise students. Throughout the school year students participate in planned and spontaneous trips off-campus in the company of staff members. Trips last various lengths of time and utilize various forms of transportation. For a student to participate in any planned or spontaneous field trip with a staff member present, this permission form must be signed and dated by the student’s parent or guardian. By signing this release, you give permission for your student to participate in field trips throughout the entire school year, using transportation that includes staff cars, student cars, public transportation and self-propulsion. Additional release forms may be required on a case by case basis as TCS deems necessary.

\_\_\_\_\_ (Int.) My student may participate in any planned or spontaneous field trips during enrollment at TCS.

**By signing this document I agree to all of the policies as outlined above:**
